GLOBAL OE SUPPLIER. MORE THAN 45,000 PARTS. 6 PRODUCT GROUPS.

With over 45,000 high quality parts and garage equipment, covering five product groups, HELLA is a key component of today's passenger cars and commercial vehicles – and a must-have supplier in fast-growing product areas such as lighting, electronics, filtration and diagnostic equipment.

Our products for the aftermarket are made on the same assembly line as those for the vehicle manufacturers that we supply, bringing the guarantee of fit first time quality and reliability to the independent aftermarket.

WORLDWIDE 100 locations • 30,000 employees

FOCUSED ON THE UK

Combining the benefits of a global infrastructure with expert local knowledge, we deliver a comprehensive product range together with responsive service and support.

Focusing on wholesaler distribution, we enable independent workshops to access the latest OE parts and technologies; providing the reassurance of 'fit first time' compatibility and quality across a huge range of vehicles. And with our garage tools & equipment from Hella Gutmann Solutions, we can provide you with the parts, service and information to support all of your requirements.

As part of our commitment to the independent market to provide choices, Hella has launched 'SONNE' – the HELLA brand for a high performance range of car repair coatings. The assortment has been carefully selected to ensure maximum profitability for the repairer, who can lead with confidence in the colour accuracy, availability and consistency. Hella's new SONNE brand is the perfect alternative for the Wholesaler and for the body paint specialist Workshops."

45,000 parts **FOR YOUR SUCCESS**

A young man with brown hair and a beard, wearing a white shirt and a black and white striped tie, is smiling broadly while wearing a headset. He is in a call center environment, with a blurred background showing other people and computer monitors.

KEEP IN TOUCH

As well as the latest innovation, we offer a comprehensive package of service and support to distribution partners, garages and fleets throughout the UK. Whatever you need in the independent aftermarket, HELLA can help.

For more information about the opportunities, including technical support, and training, marketing and promotional support please contact Customer Service on 01295 662400.
